# 1. What is the EDB

## EDB is a file composed of pictures and text unique to ClassIn.

- Compared with PPT, EDB supports arbitrarily dragging, painting and other operations on the courseware content.

- The size should be about 2MB, < 3MB.
- The blackboard courseware supports the sum of pictures of 30 million pixels at most. At present, the standard size of one page blackboard courseware in the classroom is 1280 pixels x590 pixels, and covering the pictures takes up about 760,000 pixels.
- The total number of images should not exceed 1.5 million pixels.

### Advantages

- ClassIn blackboard editor supports many general shortcuts, So it saves a lot of time.

### Tips

- Special fonts can be created in PPT or PS and saved as images uploaded, because the fonts in the ClassIn blackboard editor are simplex.

The screenshot shows a Blackboard interface with a sidebar on the left and a main content area. The sidebar contains icons for 'ClassIn', 'Contacts', 'Drive', 'Course', and 'Today'. The main content area is titled 'All Course' and shows a calendar for December 2020. The calendar highlights the 10th of December. To the right of the calendar, there is a 'Prepare' button for the 'August' class, which is scheduled for 12/10/2020 at 12:35 Thursday (20 minutes). The 'Prepare' button indicates it is 'In 22h 4m'.

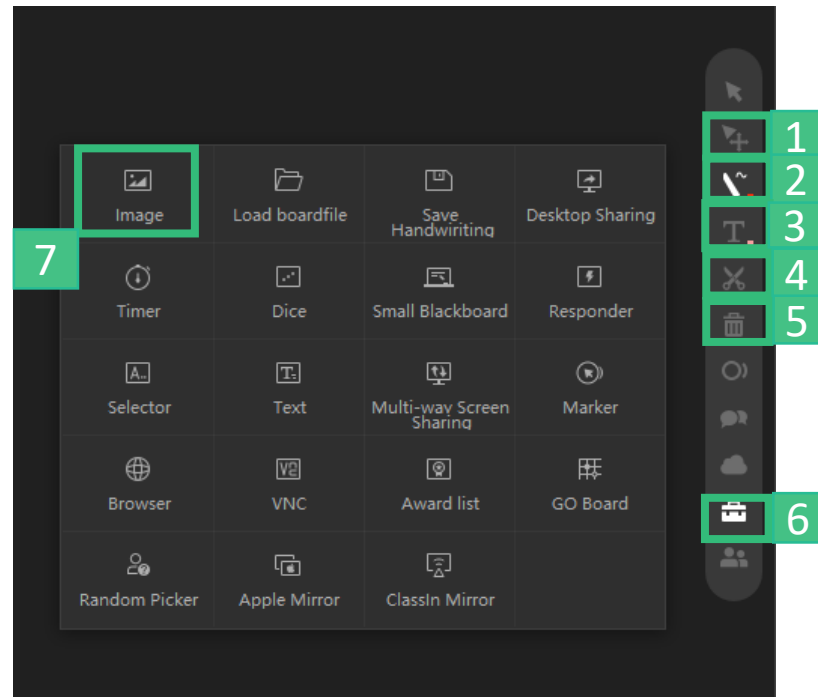

Method 1: Preparation room  
 Step1. Find "Course"  
 Step2. Select "Calendar"
